Shippensburg, Pa., July 5.—St. John's Catholic Church held a grand celebration of Easter's Cycle. An immense crowd had assembled in the afternoon to witness a game of ball. Before the game commenced a large number of boys started to the east of the town, during ball, train a powder enthusiast, were firing guns on the east and from teeth in the pistols. The noise soon promptly received, brought forth a large number of persons hastily town. The following were most seriously injured:

Lynchers, talkmen are following up an alleged dynamite plot.

The creditors of Rosenfeld & Co. will probably get 50 cents on the dollar.

Cloth Jack Sharpless was yesterday elected at Wardles of the County Hospital.

The new French ballget shows a saving of $2,000,000 francs over the last budget.

Democrats will be nominated at Loughboro, Mo. seven policemen having resigned for duty.

Gov. Gazaleé has come to Kentucky for two days, having Lieut.-Gov. Smith to officiate in his absence.

A Free State ticket was yesterday put in the field by the Irish Labor party in the convention at Limerick.

In the explosion of a dynamite cartridge in Hungary twenty-seven workmen were killed and forty-eight wounded.

Prohibition ads have been sent to the editors engineer of Pennsylvania heavily armed and prepared for a long fight.

The French Chamber of Deputies has adopted the clause of the Military bill providing for three years' service.

Dr. Donnelly's physician says that the symptoms of the Irish leader's medical state of health are hopeful and favorable.

Arrangements are being made at Boston for a celebration of the 200th anniversary of the discovery of America by Columbus.

John M. Allen & Co., dry goods merchants at No. 37 Leonard street, New York, made an assignment yesterday. The preferences amounted to $50,000.

E. Dorsey has sold to S. M. Lyon, for $50,000, 170x150 feet on Grand Boulevard, 50 feet north of Forty-fourth street, near Vincennes road. Who'll have to rent.

Justice Potter Stetter and Judge Blodgett to the United States District Court yesterday the prosecution of the various suits in the Lake Front matter was begun.

Lyon Blackwood challenges Mr. Gladstone to withdraw the proceedings of the British Cabinet for the year 1886, so that the public can see for itself the nature of the differences that existed.

Postmaster-General Vilas has appointed a commission to visit the principal post-offices throughout the country with the view of gathering information as to a more equitable adjustment of the salaries paid to clerks.

In the British House of Commons last night Campbell Bannerman, formerly Chief Secretary for Ireland, gave notice that he would introduce, on the second reading of the Irish Land bill, a motion that no land measure be satisfactory which failed such correction of judicial rents as would meet the views of the bill to prove.

Recovery, the British Home Secretary, will probably resign. Last night an animated discussion took place in the House of Commons over the conduct of the police in arresting a young woman of good repute on an improper charge, and Matthews was accused of misusing the officials. The dispute resulted in the defeat of the Government by a vote of 261 to 140.

Chicago elevators received last Saturday evening 52,977,700 bushels of wheat, 2,750,000 bushels of corn, 600,000 bushels of oats, 70,000 bushels of rye, and 11,000 bushels of barley; total, 11,000,700 bushels of all kinds of grain, against 11,000,000 bushels a year ago. For the seven days the Secretary of the Chicago Board of Trade shows the visible supply of grain in the United States and Canada as 60,000,000 bushels of wheat, 30,000,000 bushels of corn, 5,000,000 bushels of oats, 500,000 bushels of rye, and 500,000 bushels of barley. These figures are smaller than the corresponding week ago by 2,000,000 to wheat and by 600,000 to corn. The visible supply of wheat for the corresponding week a year ago included 50,000 bushels.

Grosvenor rates in Chicago were five up to par over the rail and 7 and 8 for the New York. There was a good demand for investment security. New York exchange sold at from par to 5 cents premium. Sterling exchange was steady at 486@486. The New York stock market was dull and weak.—The Chicago produce markets were tame and lifeless, corn and oats being augmented by better crop prospects, due to the recent rains, and wheat was under fair lack of good support. It ruled somewhat wild last Friday pork and lards ruled unchanged, April to more lower, wheat 1 cent lower, corn 1½ cents lower, oats ½ cent lower, rye weak, barley and flaxseed 1 cents lower, and timothy seed 25 cents lower.

As soon as he expires, the Rebel has resolved to ratify the Anglo-Egyptian convention for the English to remain to the end of Time. Such news years longer and as much longer as they please, and the Daily Graphic, who represents that bright bauble, has been received from Constantinople. This unbalanced lot are such importance as upon people would attach to it. There will be no interference of the powers of Europe in consequence. The refusal of the Rebel to permit Salisbury's terms is no doubt due to the fact that Salisbury was not willing to pledge himself to secure Turkey in the evil. Greece and Russia, should the latter Powers object to the ratification of the convention. The failure of the Anglo-American to re-establish our Empire, and by the terms of the Convention of the 29th of October, 1885, which provides as follows:

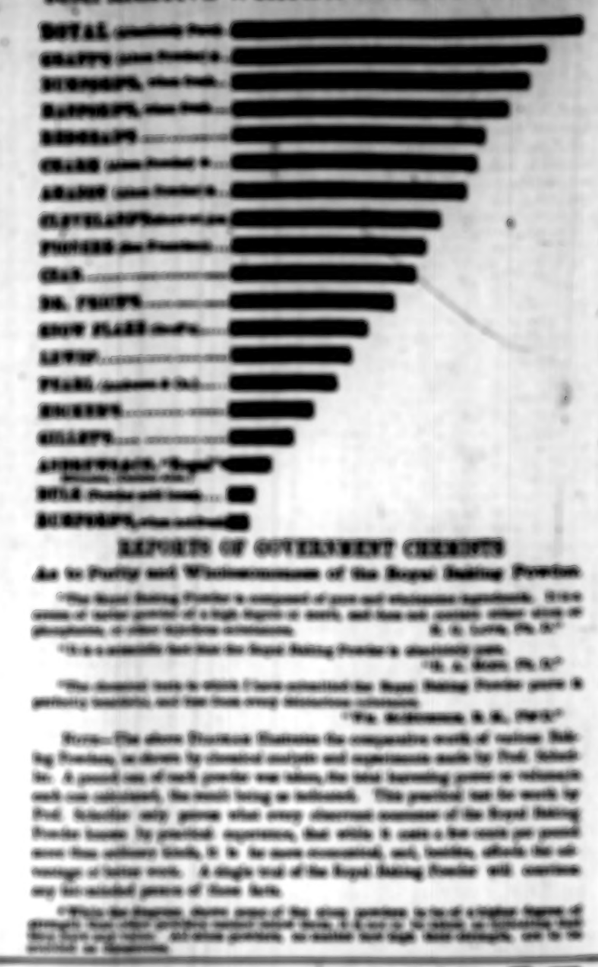
COMPARATIVE WORTH of BAKING POWDERS.



REPORTS OF GOVERNMENT CHEMISTS
As to Purity and Wholesomeness of the Royal Baking Powder.

"The Royal Baking Powder is composed of pure and wholesome ingredients. It is made of cream of tartar, greatly of a high degree of merit, and has not yet been equaled, either alone or phosphates, or other injurious substances. E. G. LOVE, Ph. D."

"It is a scientific fact that the Royal Baking Powder is absolutely pure. C. A. MARK, Ph. D."

"The greatest care is taken that I have selected the Royal Baking Powder given a perfectly healthful, and that from every deleterious substance. WM. SCHWARZE, A. M., PH.D."

NOTE.—The above Statement illustrates the comparative merits of various Baking Powders, as shown by chemical analysis and experiments made by Prof. Schwarze. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test the words by Prof. Schwarze only proves what every housewife experience of the Royal Baking Powder insists by practical experience, that while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair-minded person of these facts.

"While the chemists shown above of the other powders to be of a higher degree of strength than other preparations examined, they, it will be observed, all condemn alum powders, and advise purchasers, as wholesome food, to use only high grade baking powders, such as the Royal, as specified in the report."
